

PHILBERT SHEMA GASANA

JUNIOR SOFTWARE DEVELOPER | FULL STACK DEVELOPER

Kigali, Rwanda | +250-799-315-313 | shemaphilbert8@gmail.com | [linkedin.com/in/shema-philbert](https://www.linkedin.com/in/shema-philbert) |

github.com/gasanashema | gitlab.com/gasanashema

TECHNICAL SKILLS

Programming Languages

- JavaScript (ES6+)
- TypeScript
- PHP
- Java
- Python
- SQL / PL-SQL

Frontend

- React
- Livewire
- Tailwind CSS
- Bootstrap
- HTML5, CSS3

Backend & Architecture

- Node.js / Express.js
- NestJS
- Spring Boot
- Laravel / Filament
- REST APIs
- Microservices
- Java RMI
- Hibernate / JPA
- JWT Authentication

Databases

- PostgreSQL
- MySQL
- MongoDB
- Oracle DB
- Redis

Messaging & Queues

- Apache Kafka
- RabbitMQ
- ActiveMQ

DevOps & Cloud

- Linux (Ubuntu)
- Docker
- Kubernetes
- ArgoCD (GitOps)
- Terraform
- Ansible
- AWS
- Nginx
- Apache
- CI/CD (GitLab CI)

EXPERIENCE

Junior Software Developer

The Click Creations Ltd | August 2023 – September 2024

- Developed and delivered websites for over 50 clients, interacting directly with clients to gather requirements and ensure satisfaction
- Integrated Stripe and DPO payment gateways, including webhook-based tracking, for client booking and ticketing systems
- Offered internship opportunities to high school students during school holidays

Software Development Intern

Kigali Appline | May 2023 – July 2023

- Built reusable UI components using React and Tailwind CSS
- Assisted in backend API development and testing (Node.js)

Software Development Intern

Net Brains Ltd | May 2022 – July 2022

- Collaborated with the team to build apps using PHP
- Assisted in backend API development and testing (Laravel)

PROJECTS

AI Vital — National AI-Powered Public Health Surveillance Platform

A national-scale platform for early detection and monitoring of disease outbreaks, built for Rwanda's RBC and Ministry of Health across a 7-phase, 18-module rollout. Includes predictive models for outbreak trend forecasting, case risk classification, and anomaly detection in public health data.

Tools: Python, Django, React, PostgreSQL

SiteTrack — Construction Project Management System

GitHub: github.com/gasanashema/SiteTrack-ConstructionProjectMS

A distributed desktop platform for managing construction projects, tracking material stock movements and labor payments across multiple sites.

Tools: Java, Swing, Java RMI, Hibernate, PostgreSQL, ActiveMQ/RabbitMQ

Moni-share — Car Sharing Application (Team Project)

A full-stack car sharing platform connecting drivers and riders, built as a team project with a decoupled backend and frontend.

Tools: React, TypeScript, NestJS, PostgreSQL

Shop Management System (BSMS)

GitHub: github.com/gasanashema/Shop-Management-System-BSMS-

A boutique inventory ledger with daily sales reporting and debt management, supporting English and Kinyarwanda.

Tools: PHP, Bootstrap, MySQL

Saving and Credits Management System

GitHub: github.com/gasanashema/Saving-and-credits-MS

A microfinance and SACCO credit tracking system for managing member savings, loans, repayments, and financial reports.

Tools: Node.js, Express.js, React, TypeScript, MySQL

- VPS Hosting

Tools

- Git & GitHub / GitLab
- Figma
- Postman
- OpenAPI (Swagger)
- Netlify / Vercel

Team & Collaboration

- Trello
- Miro
- Notion
- Slack

Payments & Integrations

- Stripe
- DPO Payment Gateway

TESTING & QA

- Jest / Vitest
- React Testing Library
- PHPUnit / Pest
- JUnit
- Mockery
- ESLint (Static Analysis)

LANGUAGES

- Kinyarwanda — Native
- English — Fluent
- Rwandan Sign Language — Fluent

CERTIFICATES

- AI Career Essentials — ALX (2024)
- NetOps I — AUCA (2025)
- NetOps II — AUCA (2026)
- Certified National Sign Language Interpreter — NUDOR (2025)

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Mentoring
- Leadership
- Time Management
- Critical Thinking
- Adaptability
- Analytical Thinking
- Attention to Detail
- Conflict Resolution
- Creativity

Nziza View Hotel Booking Management System

GitHub: github.com/gasanashema/Nziza-View-Hotel

A hotel reservation and property management platform handling bookings, room availability, and guest records.

Tools: *Laravel, Livewire, MySQL*

Pick and Go Management System

GitHub: github.com/gasanashema/Pick-and-Go-MS

An e-commerce storefront with customer management, inventory tracking, and payment processing.

Tools: *PHP, Bootstrap, jQuery, PayPal Sandbox, MySQL*

Exam Hall Seating Management System

GitHub: github.com/gasanashema/Exam-Hall-Seating-management

An automated seating plan generator and hall allocation manager for students, teachers, and admins.

Tools: *PHP, Bootstrap, MySQL*

Patient Management System

GitHub: github.com/gasanashema/Patient-Management-System

A healthcare management platform for patient registration, record tracking, and appointment handling.

Tools: *Java, Swing, MySQL*

Student Registration System

GitHub: github.com/gasanashema/StudentRegistrationSystem

A student registration platform for managing student records, course enrollment, and academic information.

Tools: *Java, Swing, MySQL*

TRAININGS

AUCA Innovation Center

AUCA | February 2026 – Present

- Practical, project-based training in Cybersecurity, DevOps, UI/UX, Web Technologies, and Big Data

Advanced Backend and Software Architecture Specialisation

The Gym | February 2026 – Present

- Developing backend systems with Java and Spring Boot, applying REST API design and software architecture principles

Core Skills Training

The Gym | October 2024 – January 2026

- Trained in soft skills, REST API integration, and Agile collaboration across cross-functional teams

EDUCATION

Bachelor of Software Engineering (Final Year Student)

AUCA University

Advanced Level (Software Development)

COG High School | January 2020 – August 2023

HACKATHONS

Code To Unlock Hackathon — 2025

- Built a functional prototype during a team-based rapid development challenge.
- Achieved 5th place out of 32 competing teams

AWARDS

- Best Performer of the Year — COG High School (2023)

LEADERSHIP

- School Head Boy — COG High School (2021–2023)

WEBSITES BUILT

- African Bee Company
- Legacy Apartments
- NKD Investment
- E&I Travel

VOLUNTEERING

Volunteer Coach

The Gym | February 2026 – Present

- Mentored trainees in React, Node.js, and teamwork-based projects
- Facilitated coding sessions and Agile collaboration
- Teaches trainees the soft skills needed to succeed in the job market, including communication, teamwork, and time management
